EU Type Examination Certificate

Date: 2022/08/29 — *n.* **860223501/TE** — Validity: 2027/08/28

This Certificate is a translation in English of the original Certificate issued in Italian.

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: (Responsible of the PPE)	**U-GROUP SRL** Via Borgomanero, 50 – 28040 Paruzzaro (NO) – Italia
Type of PPE:	**Safety footwear** in conformity with **EN ISO 20345:2011 class I** (= footwear in leather and other materials)
Category of PPE:	**II** : "medium" risks. This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.
Model	**"FLAG b"** code **007SP02**
Description:	model: A (low footwear); fastening system: by means of laces; processing: direct injection; outsole: "forma 7466 CRAFT" with black compact PU marked "antislip oil resistant shock absorber" (CH00116); midsole: black foam PU (CH00117); upper: black split leather declared 1,8/2,0 mm (PL00010); collar: black coated fabric (SI00002); tongue/bellows: black coated fabric (SI00002) centrally lined and padded; vamp lining: grey three-dimensional fishnet knitting (SI00120); rear lining: black three-dimensional fishnet knitting (SI00028); tongue and rear collar lining: red three-dimensional fishnet knitting (SI00011); insole: white multi-layered fabric with blue stamp declared antistatic, art. "IBISAFE ANTISTATIC" (SP00021), which also serves as penetration resistant insert; perforated removable insock: grey foam material, coupled with black fabric with "WOW!" stamp and stitching with conductive thread in the bending zone (TL00161); toecap: polymeric material, article "PS240 HAWAI" (PU00042). Provided also with optional and interchangeable orthopaedic insocks SECOSOL®, see "Annex 827211301/E".
Technical Standard:	**EN ISO 20344:2011** (UNI EN ISO 20344:2012) — Personal protective equipment – Test methods for footwear **EN ISO 20345:2011** (UNI EN ISO 20345:2012) — Personal protective equipment – Safety footwear
Intended use:	general industry, engineering industry, agriculture, warehouses, works on trucks, cranes.
Size range:	from 35 to 48
Technical File:	**DC-15491/E**
Test report:	**RCT n°4132314/E**

EU Type Examination Certificate

Date: 2022/08/29 | *n.* **860223501/TE** | Validity: 2027/08/28

Functions and performance levels:

basic requirements for safety footwear (see Table 2 and 3 of EN ISO 20345:2011): all mandatory ones, among which:

SRC = Slip resistance – meets the following requirements:
- surface: ceramic / lubricant: detergent solution;
- surface: steel / lubricant: glycerol.

Additional requirements (Tab. 18 and 20 of EN ISO 20345:2011):
S3 = closed seat region, antistatic properties, energy absorption of seat region, resistance to fuel oil, water penetration resistance and absorption (water-repellent upper), penetration resistance, cleated outsole.

Note: the penetration resistance of the synthetic stitch proof insole tends to decrease with the diameter of the perforating object; in return the synthetic insole offers more protective surface and ergonomics advantages (flexibility, insulation, humidity and impact absorption).

Marking:

on a stitched label and displaying the following information:
- **CE Marking**;
- registered trademark, name and complete address of the Manufacturer;
- designation of the footwear (= article name and alphanumeric code);
- nr. and year of the Standard of reference + safety symbols;
- size of the footwear (printed on the outsole);
- production date (month + year);
- additional information: website, category of the PPE, "Made in ...".
